Recipe:

Pasta dough: makes 1 lb

- 190g 00 or all purpose flour
- 190g semolina
- 2 eggs
- 10 egg yolks

1. Combine 00 and semolina flour. Create a mound of flour on a clean work surface or in a large mixing bowl. Make a well in the center of the mound.
2. Crack the eggs into the well. Using a fork, beat the eggs and gradually incorporate the flour from the sides of the well. Continue mixing until the dough starts to come together.
3. Once the mixture becomes too thick to mix with a fork, use your hands to knead the dough. Gather all the flour and any remaining loose bits into a ball.
4. If the dough is too dry and crumbly, add water, a a drop at a time until the dough comes together.
5. Knead the dough for about 8-10 minutes until it becomes smooth and elastic. This will develop the gluten and give the pasta a nice texture. If you press your finger into the dough, it should bounce back.
6. Shape the dough into a ball and cover it with a clean kitchen towel or plastic

wrap. Allow it to rest at room temperature for about 30 minutes. This resting period relaxes the gluten and makes the dough easier to roll out.

Carrot Filling:

- 1/4 cup (60g) chicken fat
- 1 1/2 lb (700g) carrots, sliced
- Chili flakes, to taste (I used about 2 tsp)
- Salt & pepper, to taste
- 2 tsp honey
- 2 tsp vinegar

1. On low heat, cook carrots until they begin to soften in chicken fat along with chili flakes, salt and pepper, about 2 minutes.
2. Cover with lid and cook about 15 minutes, to extract moisture.
3. Remove lid, and cook on low until carrots break apart with the back of your spoon and moisture has cooked off, about 20 minutes. You want this to be very dry and cooked down so that the filling won't be too wet.
4. Blend with vinegar and honey. Cool down completely before filling.

Carrot top salsa verde

- 1 calabrian chile, chopped
